### 58STA/58STX Gas-Fired Furnaces

The 58STA/58STX 4-way multipoise gas furnaces feature Carrier's QuieTech™ noise reduction system for incredibly quiet induced draft operation. Applications are easy with 4-way multipoise design, through-the-furnace downflow venting, 13 different venting options, and a door designed for easy service access. An inner blower door is provided for tighter sealing in sensitive applications. The 58STA furnace is approved for use with either propane or natural gas. The 58STX furnace is approved for use with natural or propane gas, and for use in Low NOx Air Quality Management Districts. 58STA/58STX features include:

- QuieTech™ noise reduction system
- Microprocessor-based control center
  - Adjustable heating air temperature rise
  - Adjustable cooling airflow
  - LED diagnostics and self-test features
- 4-way multipoise furnace, 13 vent applications
- Shorter in height - only 33 1/3" tall
- Inner blower door
- Hot Surface Ignition (HSI)
- Draft safeguard switch to ensure proper furnace venting
- Heat pump compatible
- Residential installations eligible for consumer financing through the Retail Credit Program
